WORKING FOR CLEANER MOUNTAINS

A SOLUTION AGAINST LITTERING

Simple and effective, the Ecobox allows you to keep all types of small waste such as cigarette butts, chewing gum and packaging on your person. As ecological solution, the Ecobox is also a way of promoting your commitment to environment.

Customise it as you wish to get in touch with your customers, residents, partners or employees, through distribution or resale.

Accompanied by an environmental awareness or prevention message, your Ecobox will deliver an even stronger message.

A SWISS PRODUCT IN RECYCLED TINPLATE

A sustainable and 100% local product, the base and lid are produced in Switzerland, while the assembly, sticker application and packaging are carried out in Polyval's sheltered workshop in Vevey.
